1891 3 From para 14 of the orders of Nov 7th No 237-96, it will be seen that the original idea was that the cost of maintaining roads within Municipal limits, other than Cantonment Roads, should be borne by them and the Board is asked to do all things in connection therewith if any local or Cart Carriage Material has to be paid by the Municipality ~~boards~~ ~~bodies~~ ~~and the roads pass~~ An order was accordingly issued and the Comptr was asked to make such changes regarding the credit of such contributions to the Municipality As a result the value of receipts has been raised at 1½ times the mileage basis for a period of 2 years in the first instance If the Board is prepared to maintain the roads completely out of their funds they may perhaps be permitted to do so with the Chief Engineers sanction perhaps

5 What is the length of road in the municipality and what does the contract amount to?

6 I fear the Act has not been happily worded. Instead of saying "1½ pies the usual rate" definite money rates per so many miles should have been stated. The present wording leads to misunderstanding & creates a feeling that we are overcharging the poor municipalities

	Road	Length Miles	Furlongs	Mile age rates	Total Contribution
1) Bangalore Road	Nayakanahalli Road	1	1	Rs 600/-	Rs 1012-8-0
